# ARCHICAD BIM: Element Inventory

Description

How many and which elements have you selected? A common question while working in CAAD – yet easy to answer in ARCHICAD. For a selected bunch of elements: To get a quick overview, choose *Window – Palettes – Element Information*:
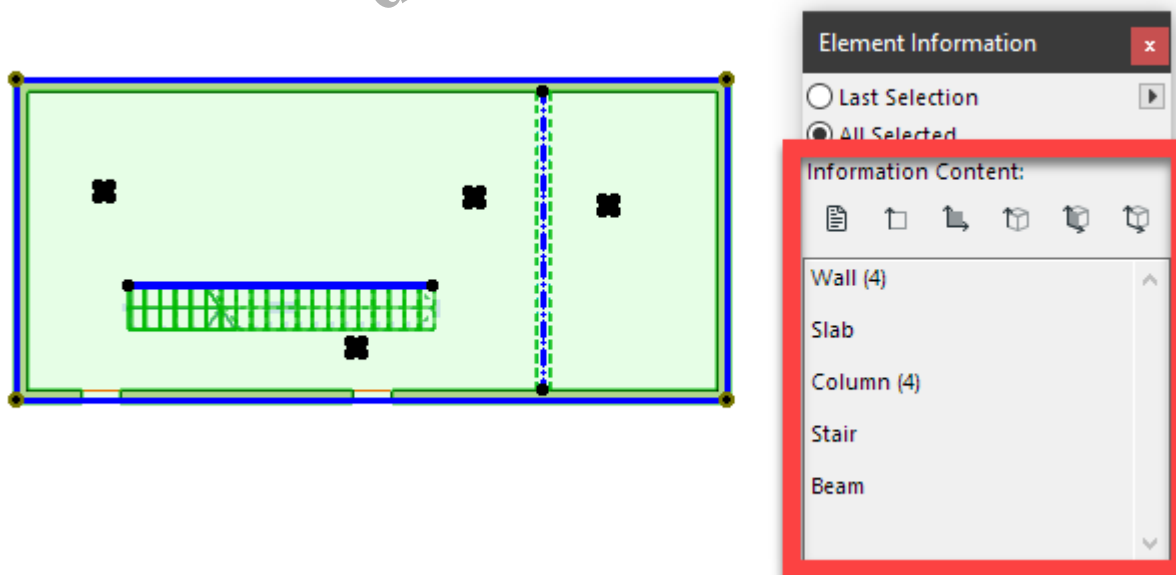

Footer Tagline

Element Information palette (which may appear docked somewhere on your UI) tends to show to something like this:

But – if you uncheck all icon options at the top, you'll get the list you need:

Category

1. Allgemein

2. Archicad
